

# SUNDAY EVENING FORUM

PRESENTS

## MOVIE: FOOD INC.

### A Food Industry Exposé

**Facilitator: Dr. Rene Van Acker**

The film, Food, Inc., exposes America's industrialized food system and its effect on our environment, health, economy and workers' rights. Approximately 10 billion animals (chickens, cattle, hogs, ducks, turkeys, lambs and sheep) are raised and killed in the US annually. Nearly all of them are raised on factory farms under inhumane conditions. These industrial farms are also dangerous for their workers, pollute surrounding communities, are unsafe to our food system and contribute significantly to global warming.

To facilitate the film, the Forum is pleased to have Dr. Rene Van Acker, Professor and Associate Dean External Relations, Ontario Agricultural College, University of Guelph, whose research interests lie in the fields of weed ecology, biosafety, and transgene confinement. He holds a PhD from the University of Reading in the United Kingdom.

**SUNDAY, January 15, 7:00 p.m.**

**Burlington Baptist Church**

**2225 New Street (west of Guelph Line)**

**Sunday Evening Forum is a community forum to discuss important current issues which impact our lives and faith. Outstanding speakers present cutting-edge ideas.**
